Subject: Resolution Approving a Perpetual Easement to the City of Florida City for the Operation and Maintenance of Water Lines Located on County Owned Property at SW 344 Street Park and Ride Facility and Authorizing the Mayor to Execute Same

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached Resolution authorizing the conveyance of a non-exclusive Perpetual Easement to the City of Florida City (City) on behalf of Miami-Dade Transit (MDT) for the operation and maintenance of its existing and acquired water utility lines across property owned by Miami-Dade County (County), located at the southern terminus of the Busway Extension to Florida City adjacent to the north side of West Palm Drive (SW 344 Street) between NW 2 Avenue and NW 3 Avenue in Florida City also known as the SW 344 Street Park and Ride Facility. This resolution authorizes the County Mayor or the County's Mayor's designee to execute same.

SCOPE

The easement is physically located within Commissioner Dennis Moss' District 9.

FISCAL IMPACT/FUNDING SOURCE

There is no fiscal impact to the County by the granting of this easement.

TRACK RECORD/MONITOR

The County has previously granted similar easements to municipalities. The County and the City have also benefit from each other in terms of entering in agreements and conveyances for public uses. The person responsible for monitoring this Easement is Froilan Baez, Chief of the Right of Way, Utilities and Joint Development Division.

BACKGROUND

On September 13, 2011, the City passed and adopted its Resolution 11-44 for the conveyance of a small parcel to the County for the project. This parcel is one (1) of the fourteen (14) parcels mentioned in previous County Resolutions authorizing the acquisition of Parcels 100 through 109 (in whole or in parts) plus the City parcel (110).

Prior to and after the construction of the Park and Ride Facility, the City also closed two (2) roadways and an alley in addition to conveyance the small parcel in the interest of the County for the project pursuant to City Resolution 13-07. These vacated roadways contain passageways of the City's water utilities which are to remain on site. MDT has constructed the new aforementioned park and ride facility and the construction includes additional water lines which were added to service the newly constructed comfort station at the site in addition to the existing ones.

The construction of this Park and Ride was completed in April 2015; however, the opening is pending assurance from the County to the City that an easement will be granted for access to the water lines.

Honorable Chairman Jean Monestime
and Members, Board of County Commissioners
Page No. 2

Therefore, it is necessary to grant this Easement (Exhibit B) for the City to continue operating and maintaining its own amenities and in order for the Park and Ride Facility to receive the final Certificate of Occupancy from the City.

This Park and Ride Facility is at the end of the line of the Busway and contains 248 parking spaces for transit patrons. It will be a central hub for riders and visitors who desire to travel further North to Downtown Miami via the Metrorail or South to the Keys via the Dade-Monroe Express Bus Service.

The required Perpetual Easement has been drafted and made a part of this Resolution. The description, together with the configuration layout, is described and depicted in Exhibit A.
